Election/Restrictions

1. Applicant's election without traverse of I in Paper No. 8 is acknowledged.

It is noted that applicants response stated claims 18-24 instead of 1-17, however the selection of claims 1-17 was clarified in a conversation with George Suchfield on 4/28/03. Claims 18-23 are withdrawn from consideration as being drawn to a non-elected invention.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-4 and 7-17 are rejected under 35 U.S.C. 112, second paragraph, as failing to set forth the subject matter which applicant(s) regard as their invention. Evidence that claims 1-4 and 7-17 fail(s) to correspond in scope with that which applicant(s) regard as the invention can be found in the specification. In the specification, applicant has stated that the composition comprises polyisobutylene sulfonates, and this statement indicates that the invention is different from what is defined in the claim(s) because the claims teach polyisobutylenes. It is noted that applicants abstract, which is a part of the specification does provide support for polyisobutylenes under 35 USC 112, first paragraph, however, in view of applicants full respect to polyisobutylene sulfonates and not polyisobutylenes.

4. Claims 5 and 6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

There is no antecedent basis for "said synthetic polyisobutylene sulfonate" in the claims or in parent claim 1.

Allowable Subject Matter

5. Claims 1-17 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
